

GRACE MESSENGER

JUNE 2026

Grace Lutheran Log Church

Dear Friends in Christ,

My granddaughter, Rachel, put an app on my phone to identify bird songs. I use it every day when I go for my walks. Two weeks ago it identified 29 different bird songs as I was walking. I thought to myself, "That is a lot of different voices singing praises to God!"

Birds sing thousands of songs each day. Thousands of different, beautiful songs to the Lord.

One thing I have noticed on my walks is that there seem to be more birds singing in the morning than there are in the afternoon and evening.

This is a beautiful reminder for us. Birds' songs are heard loudly early in the morning, before they start their work for the day. They put forth their first energy of the new day proclaiming praise and a beautiful song. We too should start our day in time spent with the Lord and in praise to Him. (Also, birds spend about 70% of their day simply singing.)

Psalm 104:12; *"By the streams the birds of the air have their habitation; they sing among the branches."*

Solomon 2:12; *The flowers appear on the earth; the time of singing has come, and the voice of the turtledove is heard in our land."*

Psalm 84:3a & 4; *"Even the sparrow finds a home, and the swallow a nest for herself, where she may lay her young at your altars...Happy are those who live in your house, ever singing your praise."*

Singing praises, with you, to God!, Lorelie
